AUTUMN WINTER EDITION

We're Ready For Winter!

All About Us

Still a family run operation, managed by the second generation, Jo and brother Jordan, with a friendly and knowledgeable team of twelve, proud to be celebrating 44 years in business.

In 1999 www.birstall.com was formed, the UK's 1st online Garden Centre with a fully operational click-&-buy e-commerce website.

"We started off by scanning a few pages from our brochures of garden sheds and summerhouses" explains Jordan, "Within a few weeks, we were receiving orders from all over the UK! It was amazing, we soon had to get our Logistics network organized. As of today, we're offering a choice of 22,572 garden & Leisure products both in-store & online, for delivery throughout the UK & Europe. From live tropical aquatic plants, BBQ's and premium branded furniture with waterproof upholstery to fully insulated garden home offices."

Regular customers describe our store as a TARDIS-like emporium, not realising we're much bigger than we initially appear.

We can be found in the centre of Birstall Village on the main Sibson Road shopping street, which runs off the A6 Loughborough Road. We've plenty of parking onsite plus a large free public car park directly opposite the Garden Centre for easy access.

We are open 7 days a week! Monday to Saturday from 9am to 5pm and from 10am to 4pm Sundays.

Chasseur RRP £340 > £395

- Ladies Size 35 > 42 (calf 38cm)
- Gents Size 39 > 50 (calf 41, 44 or 46cm)

The Chasseur is the flagship of the Le Chameau range. Luxurious leather combined with a full-length zip make the Chasseur as comfortable and easy to slip on as your favourite shoe. The boot is available in four calf fittings to ensure a perfect fit.

Vierzonord RRP £165

- Ladies Size 35 > 41 (calf 38cm)
- Gents Size 39 > 46 (calf 41cm)
- XL: 43 > 50 (calf 43cm)

Lined throughout with 3mm premium neoprene, the Vierzonord provides first-rate insulation against the cold and superior comfort when walking. The gusset and snap-fastening buckle design, exclusive to Le Chameau, eases entry into the boot and tightens around the calf. The number one choice for British winters.

Country Vibram RRP £95

- Unisex 37 > 47

The Country Vibram is the latest highly innovative country boot. Featuring Le Chameau's exclusive Vibram sole for outstanding comfort and grip. The jersey cotton lining is comfortable and light to wear and can be used all year round.

Jameson RRP £290

- Unisex 36 > 48

The outer is constructed of full grain leather and nubuck in two attractively contrasting shades of brown. Lined with a Gore-Tex membrane, to ensure water does not enter the boot, the Jameson proves that practicality need not be sacrificed for comfort and style.

Wellington Boot Bag

RRP £27.45

Walking Boot Bag

RRP £24.95

Wooden Boot Jack

RRP £20

Metal Boot Jack

RRP £25

For more Le Chameau Boots, Clothing and Accessories please see in store or online.

Foraz Mens Lightweight Waterproof Jacket

(M > XXL) £260

The Faroz is a lightweight, warm and waterproof hunting jacket that is silent and resilient. The LCX lining provides 100% waterproofing whilst allowing full breathability. With the insulated padding, there is an immediate feeling of warmth and comfort. Other features include a removable hood, zipped game pockets, articulated elbows, draw cord waist and windstopping lycra cuffs.

Aulne Windstopper Fleece

(M > XXXL) £165

The Aulne is a stylish Polartec Thermalpro fleece with a warm Windstopper membrane lining. The Thermalpro provides better insulation than the classic Polartec and gives the fleece excellent breathability whilst keeping the wearer warm. The fleece has two front zipped pockets and suede-look details.

Arbois Reversible Cap (One size)

£30

Reverse

The Arbois cap is fully waterproof and breathable with an LCX membrane that reverses to become highly visible.

Please see online for more Gardeco Chimeneas and Firebowls.

Mexican chimeneas are the best functioning burners of all patio fires. Their structure and design, perfected over centuries in Central America make them the easiest chimeneas to light and the most efficient burners. No need for roaring fires, as the clay becomes hot and radiates the heat. These chimeneas are hand made and hand painted.

As the cold nights start to close, it is time to prepare and get ready for cosy evenings by the fire.

Popular Timber Log Store £175

With open front and ventilated sides, this compact log store is suitable for confined spaces or placing against a wall or fence. Manufactured using 15mm slatted timber on 45mm x 34mm planed framework.

House Coal £6.99 per 20kg bag

Logs £4.99 per bag

Kindling £3.75 per pack

We all love the snow! It is a great way to enjoy the colder weather and have some fun with family and friends.

Birstall Oak Interior Furniture Classic Range

Our brief in selecting this exciting new range was 'keep it simple', offer quality oak interior furniture from large stocks at great value prices. Whether it be for your kitchen, living room, dining room, bedroom, playroom or study there is something to suit. We are proud to offer two styles of furniture: The Classic Range is slightly rustic in design, with rounded and chamfered corners. Each piece has a hand waxed finish and is supplied with both antique brass hardware and wooden knobs. The Contemporary Range has more modern lines with straight edges and square corners. With a light lacquer finish each piece is supplied with both steel hardware and oak handles. Both ranges come with metal and wooden handles so that you can choose your own look and style.

Modern Range

Norway Spruce Trees

Norway Spruce Trees are the most popular variety of Christmas Tree in Britain representing good value for money and a great shape.

CHRISTMAS TREES

All of our Christmas Trees are sheared during their cultivation to produce a bushy conical shape full of foliage.

AVAILABLE FROM
END OF NOVEMBER

Nordman Fir Christmas Trees

Nordman Fir Christmas Trees have soft broad shiny green needles that retain their moisture and stay on the branches for longer. These superior quality trees are produced from extensive work by the farmers during the growing season to maintain the ideal conical shape. The use of a water-retaining Christmas tree stand is recommended to prolong the life of your tree.

Christmas Pudding Baked Alaska

Ingredients

- 400g Christmas pudding
- 2 tbsp brandy
- 500ml vanilla ice cream
- 2 egg whites
- 75g caster sugar

Method

1. In a bowl, crumble the Christmas pudding. Add the Brandy and ice cream. Mix thoroughly.
2. Divide the mixture between three ramekin dishes, cover and place in the freezer for at least 2 hours.
3. Whisk the egg whites until firm. Gradually add the sugar until the mixture forms stiff peaks.
4. Divide the whisked egg whites between the three ramekin dishes and finish by using the back of the spoon to create peaks.
5. Pre-heat the barbecue to a medium, in-direct heat. Add the Christmas Pudding Alaska's and bake for 10 minutes, or until peaks are golden brown. Serve immediately.

An interesting twist on an old favourite and great for using up any leftover Christmas pud!

biOrb® REEF ONE

BiOrbs are available in a variety of sizes, shapes and styles to suit all needs. Whether you choose small, large, tropical or cold water, each aquarium features the same simple, low maintenance filtration system.

BiOrb Tanks
from £61.99

Winter Pond care

It is important to prepare and protect your pond over the autumn and winter months so that you have a healthy start the following spring.

We recommend you start by tidying up and cutting back / pruning some of your pond plants. How much can depend on the type and age of the plant.

Clearing any debris and blanket weed etc is always a good job to do throughout the season to keep the pond healthy and looking fresh all year round.

Use a net to cover the pond over autumn to keep any leaves or debris from falling into the water.

As soon as the temperature starts to drop you need to think about ice prevention. If your pond freezes over completely, gases and toxins will build up underneath the ice causing harm or death to your fish and stops any oxygen being supplied to the water. A simple pond heater or ice preventer will keep a small area of water unfrozen for the harmful gases to escape and allows a supply of oxygen to the pond.

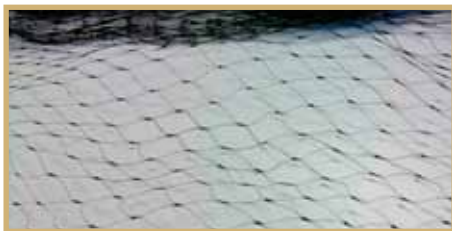

Netting from £6.99

Hozelock Blanket Weed Brush £14.99

Bermuda Pond Heater £19.99

Hozelock Ice Preventer £14.99
