PICNIC BASKETS COLLECTION

The Optima Company has been producing luxury fitted English Picnic baskets for over 60 years. With our wealth of experience, we are able to combine the finest ceramics and accessories and present them in high quality, hand-woven willow baskets.

Whilst conserving our heritage we have developed new more contemporary ranges and offer both Traditional Tea Baskets and Wine Lovers Baskets.

All our willow is of the highest quality and comes from sustainable, farmed sources. We use full willow which has been treated and varnished for a quality effect. Our baskets are handmade therefore the weave may sometimes vary between baskets.

Basket handles are covered in a high quality leather and securely fixed by brass rivets. Soft leather covered metal hinges are carefully attached to each hamper and are guaranteed for the lifetime of the basket.

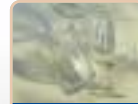

The table linen supplied is 100% cotton, of a high quality and can be machine-washed at 40 degrees centigrade.

Our quality range of ceramics include some of the best known names in English pottery, many with matching mugs.

Quality leather straps secure the high grade cutlery in our baskets. An exacting hand assembly process ensures the items are held firm during carriage but easily removable when required for use.

Our baskets include quality branded glassware.
