

KOI CARE
Koi Calm

Natural Fish Anaesthetic

Koi Calm, the natural fish anaesthetic was only available in the **Koi Care Paramedic Kit**.

Due to demand, this product is now available separately in 30ml bottles.

Koi-Calm is a gentle sedative designed to calm fish down so that they can be handled easily and without further stress when applying Ulcer swab and Wound Seal.

Koi-Calm is an oil and will dissolve polystyrene, do not use in a polystyrene sedating tank.
