

# Chestnut Acacia

All products within the range are made from durable Acacia hardwood, with a warm, chestnut-brown painted finish. The slightly textured appearance has been through a controlled wire brushing process to achieve the signature look of the range. It is a true example of quality craftsmanship, combined with quality materials. All of our Acacia is FSC® 100% certified.

## Maintenance

---

Made from Acacia timber the textured chestnut-brown finish is the result of 3 coats of paint. After time there will be hairline cracks and surface wear appear in the finish due to the timber moving.

After the first season, if you want to re-treat your furniture we advise cleaning down with our Timber Cleaner, allow to dry, then apply a thin later of our touch up treatment which can be purchased from:
