

Cordial Luxe

We wanted our Cordial Luxe collection to make a statement and to be a talking piece, and we're confident it's done just that.

If you want to indulge yourself into ultimate comfort and create a relaxing atmosphere for you and your loved ones, look no further than this collection. Whether you're looking to enhance your summer garden, your kitchen-diner, or your patio, this collection looks great both indoors and out!

Maintenance

Cordial requires minimum maintenance, although we recommend cleaning your furniture annually. Clean using our Fabric Cleaner - spray the affected area, leave for 10 minutes and wipe off with clean and a microfiber cloth.

Cordial cushions are made from Kvadrat fabric which has a high level of stain resistance. For stubborn stains the covers can be removed and machine washed at 30°.

Technical Information

The frame is made from powder coated aluminium. The HPL tops are produced by combining a mixture of paper and resins under high temperature. Roble tops are a durable hardwood timber from Bolivia.

Cordial frames are woven with 100% Olefin marine grade 15mm rope with a solid rubber core, meaning only the surface of the rope gets wet, so it will dry out in around 30 minutes (slightly longer on a cloudy day).
