

Portofino

The Portofino Collection of garden furniture has been one of our most successful collections of this decade and offers style and simplicity. Precision is the hallmark of this collection and this is demonstrated in the intricate way the mesh and structure blend together, fusing lines, shapes and patterns in the designs of the tables and chairs before applying a smooth powder coated finish.

Maintenance

The Portofino range requires minimum maintenance, although we recommend cleaning your furniture annually. Only clean using a damp cloth and mild detergent, do not use bleach or abrasive cleaners.

For any surface scratches please contact customer services and we will supply you with colour matched touch up paint.

Cushions are made from 260gsm Polyester and can be cleaned with our Fabric Cleaner and a microfibre cloth. Once dried we recommend applying a layer of our Fabric Protector. Store cushions in a dry place when not in use.

From time to time check that there are no loose screws on the tables, as this can cause damage to the table legs.

Spare foot caps can be purchased at parts.alexander-rose.co.uk.
