

The light and strong rope set for travelling

The two pre-knotted ropes and the handy holding pin altogether weigh a mere 160 g, but carry 150 kg!
The locking pin made from aluminium lets you adjust the rope quickly and serves as a practical connection to the hammock loop at the same time – push it through and it will put itself diagonally and latch into place.

Contents: 2 weatherproof synthetic ropes with locking pin made of solid aluminium
Smoothly adjustable up to 2.5 m (8 ft.) each
